

## ALLEGATIONS TEND TO IMPLICATE MEN IN SHIPPING BOARD

R. W. Bolling, Brother-in-Law of President  
is One of Men Named—Tucker Sands  
Charges That \$40,000 Was Distributed—  
Holds That He is Not One of Parties

NEW YORK, Nov. 20.—Charges that R. W. Bolling, brother-in-law of President Wilson and treasurer of the United States shipping board participated in the distribution of \$40,000 alleged to have been given by a shipbuilding company for assistance in obtaining a shipbuilding contract were contained in testimony today before the Walsh committee investigating shipping board affairs.

The money, it was charged by Tucker K. Sands, a former official of the Commercial National Bank in Washington, D. C., and the alleged go-between in the transactions was given by the Wallace Downey Shipbuilding Company of Staten Island. Others he alleged participated included Lester Sisler, former secretary of the shipping board and John Cranor, said to have been interested as a representative of the Downey company in shipping board contracts.

Mr. Sands underwent lengthy examination and his replies proved contradictory.

He charged that there was an understanding that \$15,000 was to go to Cranor and that the remaining \$25,000 was to be divided among Cranor, Bolling, Sisler and himself. He first said he knew neither Mr. Bolling nor Mr. Sisler had anything to do with the board's contract and that he did not believe Mr. Bolling received any of the money.

Later he testified that he gave Bolling \$1,800 in the nature of a loan but that Bolling paid back \$300 and that he had taken no note from the treasurer. Afterward he said the \$1,800 was a "part payment to Mr. Bolling for his share" and that he carried it as a loan as he did not think it would look right.

"Don't you know, as a matter of fact, that this payment had nothing whatever to do with the shipping board?" Representative Joseph Walsh, chairman of the commission asked Mr. Sands.

"I can't say; I always thought it had," replied the witness.

Sands testified that he received the money in the form of "notes" some of which he discounted and at different times prescribed payments to Bolling and Sisler as both "payments" and "loans."

In another part of his testimony he asserted that money was to be understood as a commission to him for securing a loan from the bank to the shipbuilding company with which the witness was then connected. The testimony of Sands was preceded by that of Alfred W. McCann, a reporter for the New York Globe, who swore he had secured from Sands an affidavit detailing the entire transaction. McCann further testified that when he took the affidavit to Sands for him to sign, he declined to do so on advice of his attorney. Previous to submitting the affidavit for Sands' signature, however, McCann said he had taken the document to the shipping board and had it photostated. One of these copies carrying notations in what was testified to be Sands' handwriting and which Sands afterwards testified to being "correct except that some of the facts may be a little different," was presented by McCann in evidence.

The document, however, was not made a part of the stenographer's minutes of the hearing.

In the course of questioning by Chairman Walsh and Congressman Kelly, Sands said he did not think Bolling ever got a cent from anybody for adding to get a contract—that money given him was a "loan." At another time he stuck to a statement that Bolling was to get his share of the transaction—that he "gave" Sisler \$5,000—and that he had loaned \$5,000 on his note which note he still has. He said he had never had any controversy with Bolling and was on friendly terms with him. He also mixed into his testimony details of a purchase by him from Bolling of a lot for \$900.

Sands testified he was not under indictment "for allowing a company to overdraw—a shipping company in which I was interested."

He testified that he was then connected with the Commercial National Bank of Washington "as its cashier." He also testified he had endeavored without success to secure Mr. Bolling's influence to have this case settled.

"This document," said Chairman Walsh informed the witness, referring to the photostate, "that \$40,000 is to be divided in the following manner: \$25,000 to be paid in one lot and equally divided in the sum of \$6,250 for each of the four of us—Sisler, Bolling, Cranor and myself."

"Mr. Cranor was to share in this commission, too, was he?" Mr. Walsh asked.

"Yes, sir."

"The representative of Mr. Downey?"

"Yes, sir."

"And you say during the negotiations, Mr. Downey came to Washington. He ratified the agreement whereby \$40,000 com-

pensation was to be paid?"

"I think I did," the witness replied.

Sands said he introduced Cranor to Bolling and Sisler. He testified to receiving the notes from the representative of Downey, but added there was one thing he would "have to look up," referring to the photostated document—"and that was whether I paid Mr. Bolling any of the proceeds of these notes."

"Don't you know you never paid him a cent?" Mr. Walsh asked.

"I don't recall that I did pay him on this deal, I don't think I did."

Sands then testified he had purchased a lot from Bolling and that he still owed Bolling \$900. He also testified to asking Mr. Bolling to intercede for him with the department of justice to get the case against him brought by the bank out of the department of justice. Mr. Bolling had refused, he testified.

## FIGURES SHOW AN INCREASE IN WHEAT SHIPMENTS

Canada Ships Lots of  
Wheat and  
Flour

## FEDERAL TRADE COMMISSION REPORTS

(By The Associated Press.)  
WASHINGTON, Nov. 20.—Decided increase in the importation of wheat flour from Canada during the second half of October was shown in the figures issued today by the federal trade commission in further response to President Wilson's direction for inquiry into the recent decline in wheat prices.

Wheat imports from Canada during the latter half of October amounted to 4,835,624 bushels or a total of the month of 9,784,307 bushels.

The total imports of wheat flour for October, the commission said were considerably in excess of those of any month since January 1913 to September 1920, the highest single monthly importations being 16,288 barrels, in September 1917. The largest single monthly importation of wheat during the same period was 7,339,130 bushels in January, 1918.

## LEAGUE MUST NOT INTERFERE WITH INTERNAL AFFAIRS

Warned Against Meddling in Internal Affairs

NOW IN FIRST STAGES OF WORK

(By The Associated Press.)  
GENEVA, Nov. 20.—(By The Associated Press.)—Altho the United States is not represented by a delegate in the assembly of the league of nations, there is hardly a session in which the United States is not referred to in some manner. The United States today had a volunteer spokesman on the speakers' stand in Newton W. Rowell of the Canadian delegation who warned the assembly against any policy involving interference in the internal affairs of any country.

"Canada," said Mr. Rowell, "will never consent to any such interference," adding: "You cannot expect the great country to the south of Canada to become a party to the league if there is any pretension that the league can interfere in its internal affairs."

Mr. Rowell was replying to a remark by Senator LaFontaine of Belgium, that no country could have the right to monopolize the raw materials it produces.

Signor Titoni replying to Mr. Rowell, regretted that the Canadian delegate took such a radical position on a subject he thought open to discussion.

First Stage of Work.  
Today's session concluded the first stage of the assembly work. The entire agenda now is in the hands of the committees, which are expected to report early on questions susceptible of quick solution so that to full session can act on these while the committees continue their work.

The armament committee began its labors today in open session. Christian Lange of Norway, and Dr. Wellington Koo, of China, gave a general sketch of the work the committee has before it. The former suggested that the only measure that could be adopted to gauge limitations of armaments was the budget.

Dr. Da Cunha, of Brazil, introduced a resolution providing that to manufacture armament and munitions be limited to state monopoly.

Dr. Koo said it was necessary to go slowly in order to progress surely in this matter. He reminded the assembly that the United States and Russia were not yet members of the league and that other countries which it would be necessary to consult are outside the league.

## HALFWAY MARK OF JOURNEY REACHED

Harding Party Having Fine  
Weather on Trip—Tropic Heat  
Encountered.

On Board Steamship Parismina  
Nov. 20.—(By Wireless to The Associated Press.)—Sailing thru a quiet sea the Steamship Parismina, with President-Elect Harding and his party aboard tonight approached the half way mark in her voyage from New Orleans to Panama.

Most of the day on deck spent in reading and playing ship games.

Mrs. Harding remained in her state room during today on advice of her physician. It was explained she was not ill and that her appetite continued good, she was just in need of rest after the excitement of the campaign, the trying Texas experiences and the almost overwhelming work she had accomplished in New Orleans. In the afternoon real tropical heat was encountered and most of them aboard changed to duck and linen apparel.

A picture show featured the night's entertainment program.

## U. C. T. COUNCIL IN REGULAR MEETING

Jacksonville Council No. 182, United Commercial Travelers, held its regular meeting Saturday evening with all officers present and a large attendance.

Two new members, John R. Brown and Martin Gehring were initiated into the order.

The council also completed plans for a dance which will be given in their hall next Saturday evening. It is desired that all members attend this function. For those who do not dance there will be cards and other amusements.

SEVERAL CHICAGO BAKERIES  
REDUCE PRICE OF BREAD  
Chicago, Nov. 20.—Several Chicago bakeries today reduced their price of one pound loaves of bread to ten cents and their twenty-four ounce loaf to fifteen and fourteen cents, a reduction of two to three cents. Larger bakery companies have not yet made any reduction. The drop in the price of flour is said to be responsible for the action of the bakeries.

## TWO BILLION SPENT BY SHIPPING BOARD WITHOUT VOUCHERS

Report is Made by Corporation Accountants

MANY VOUCHERS  
TURNED DOWN

(By The Associated Press.)  
WASHINGTON, Nov. 20.—Nearly one half of the total disbursements of the United States shipping board emergency fleet corporation over a period of 17 months amounted to more than two billion dollars were unsupported by proper vouchers, according to the audit of the corporation's accountants submitted to Secretary Houston today by the comptroller of the treasury in his annual report.

The audit was made by direction of congress for the period October 1918 to February 1920, and showed that total disbursements of the fleet corporation were \$2,732,915,213 or which exception to the payment of \$1,184,326,243 was taken by the comptroller because of the lack of supporting papers. Subsequent production of supporting papers, however, the comptroller said, resulted in a credit to the corporation of \$70,625,898 leaving a balance as of February of \$1,113,700,345 disapproved by the auditors.

The comptroller presented figures only up to February, but Martin J. Gillen, former special assistant to the chairman of the shipping board under Secretary Payne, declared before the congressional select committee on shipping board operations in New York last week that up to March 1, \$1,500,000,000 had been disapproved because the vouchers were not supported by the necessary data.

## ENTHUSIASM DIES DOWN IN GREECE

Prospective Return of King Creates Excitement—Await Attitude of France and England in the Matter.

(By The Associated Press.)  
ATHENS, Nov. 20.—Enthusiasm over the prospective return of King Constantine seemed to be dying down in Athens today, altho the topic of the dynasty is virtually the only one on the tongues of the people and dealt with by the press.

Meanwhile news is being awaited as to the attitude of the French and British governments and also as to the reports that the ex-ruler will attempt to reach Greece and present to the allies the accomplished fact of his restoration.

This morning French Minister M. DeBilly, when calling upon Premier Rallis saw in the reception room a huge, newly hung portrait of Constantine in the uniform of a field marshal. DeBilly told the premier sharply that it was a mistake to believe the allies would permit the return of the former king.

Queen Mother Olga has issued a message to the people announcing that she was assuming the regency "in the absence of my well beloved son, Constantine."

## HOPE THAT U. S. WILL ENTER LEAGUE

GENEVA, Nov. 20.—(By The Associated Press.)—Hope that without too much delay, a way will be found for the entry of the United States into the league of nations is given by the declarations of President-Elect Harding, it was declared in an address to the assembly of the league today by Tomasso Titoni, former foreign minister of Italy. The league, added Signor Titoni, will never be a league of nations until all the nations without exception are included in it.

Signor Titoni was speaking as a member of the council of the league, his remarks being made in closing discussion of the assembly, ending the first stage of the assembly's work.

DISORDERS CONTINUE.  
Prague, Czechoslovakia, Nov. 20.—There was a continuation last night of the disorders growing out of the bad feeling between Czech and German elements here. A crowd tried to storm the German opera where Tosca was being sung.

In face of an increasing crowd the government ultimately withdrew the police and stopped the performance.

## WOULD SAFEGUARD LARGE CITIES FROM SHORTAGE OF COAL

Legislation to Make Strikes and Lockouts Felonies

WANT PRIORITY ORDERS ISSUED

(By The Associated Press.)  
NEW YORK, Nov. 20.—Measures designed to safeguard the large cities from a coal shortage, from the dangers of coal shortage, were recommended in a report submitted to the city health department today by the joint coal commission for New York City. The committee comprised representatives of the real estate board of New York, the building owners and managers association, the advisory council of real estate interests and the New York City board of health. Its report summarized the results of an investigation conducted in New York and in Washington and Philadelphia.

The principal recommendations were:

Enactment of state legislation for the incorporation of labor unions and trade organizations and making strikes or lockouts felonies unless authorized by a majority vote of the organizations.

"That during a coal emergency such as now exists" priority orders be issued by the interior state commerce commission for coal shipments to the large population centers.

That the anthracite producers association be requested to direct its members to send coal only to regularly established dealers or distributors.

## WRANGLER SAYS ARMY READY TO BEGIN FIGHTING

Expresses Thanks to American Red Cross for Aid

OVERPOWERED BY  
NUMBERS

(By The Associated Press.)  
CONSTANTINOPLE, Nov. 20.—General Wrangel declared today that he and his army and navy were ready to re-commence fighting immediately but that his future course had not yet been determined. General Wrangel's ship is anchored in the Sea of Marmora, but he has refused to disembark, insisting on the hardships of his position. General Wrangel expressed his thanks to the American nation for the aid given him by the American Red Cross. The scene aboard General Wrangel's ship today was as brilliant as it was unhappy, his officers wearing gaudy uniforms with their breasts covered with glittering orders. General Wrangel, however, was in the black Cossack uniform and wore only the customary silver topped cartridge cases across his breast.

"I have done all that is humanely possible and my conscience is clear," said General Wrangel. "My troops were overpowered by the desperate onslaughts of six entire soviet armies. They repulsed attacks by 28 divisions until they were exhausted. After most heroic fighting they fell back upon the sea coast facing terrible onslaughts by bolshevik cavalry sweeping down in a southerly direction. This my troops made possible complete evacuation of the Crimea."

## CHARGES LIEUTENANT BEAT NATIVE TO DEATH

Accused Man Awaiting Trial By Court Martial—Alleged Native Was Killed With Piece of Lumber.

Port au Prince, Haiti, Nov. 20.—(By The Associated Press.)—The testimony of Signor Gabot, a native gendarme charging that Lieut. Barcas Williams of the gendarmery beat a native to death in January, 1919, caused an unexpected delay today in the proceedings of the naval court of inquiry which is investigating the alleged killing of Haitians by American marines. Williams, a seaman in marines, is now confined at Quantico, Maryland, awaiting court martial in connection with charges resulting from an investigation of conditions in Haiti. The court communicated with Secretary Daniels asking if Williams will be sent here to face his accuser or waive a hearing now.

Gabot testified he was alone in the office of the gendarmery with Williams when Garnier Jean was killed with a piece of lumber the size of a man's arm. He said he was unable to explain the reason for the killing.

## COST OF LIVING HAS DECREASED

NEW YORK, Nov. 20.—The cost of living decreased nearly two per cent in the period from October 15 to November 15, according to statistics compiled and made public today by the National Industrial Conference board.

Rents, and the average cost of fuel, light and sundries slightly increased and offset the big decrease in the prices of clothing and articles of food the board's statement said. Every item in the clothing list with the exception of women's hats was in the downward trend.

The board's statistics showed a decrease in the average cost of living since July of 5.2 per cent.

## AT THE CONGREGATIONAL CHURCH THIS EVENING

Another in the series of addresses on the Pilgrim Fathers will be given at the Congregational church this evening. The home life of these sturdy pioneers of America will be the subject for consideration and some interesting facts will be related. The Terecentenary of the Pilgrims is the subject of addresses being made in Illinois this week by General Nivelle of the French army, and Harold Spender. These men spoke in Springfield Thursday evening before a large audience.

## OFFICIAL FIGURES GIVE PLURALITY FOR SMALL OF 359,906

Russel Carried State  
Over Brady by  
445,057

PLURALITY OF  
EMMERSON LARGEST

(By The Associated Press.)  
SPRINGFIELD, Ill., Nov. 20.—Governor-elect Len Small carried downstate Illinois by a plurality of 359,906 votes over James Hamilton Lewis, the Democratic candidate, according to official figures from all counties received tonight by Secretary of State L. L. Emerson. Small's downstate vote was 737,217 and Lewis' 377,311.

Figures for the 101 downstate counties were totaled today after Champaign, the next to the last county had reported. Canvassing of the votes will not be completed until Cook county's figures are forwarded. They are expected the middle of next week. Complying with the law the canvassing board however, held a perfunctory session today and recessed to meet at the call of the secretary of state. The law requires the meeting within twenty days after election. Other totals for the 101 counties on everything except clerk of the supreme court of which one county is still out follows:

For United States Senator.  
McKinley ..... 774,160  
Waller ..... 343,497  
McKinley's plurality ..... 430,663

For Lieutenant Governor.  
Sterling ..... 772,433  
Williams ..... 343,97  
Sterling's plurality ..... 428,466

For Secretary of State.  
Emmerson ..... 731,447  
Charles ..... 335,263  
Emmerson's plurality ..... 446,184

For Auditor of Public Accounts.  
Russell ..... 780,114  
Brady ..... 335,057  
Russell's plurality ..... 445,057

For State Treasurer.  
Miller ..... 776,902  
Ryan ..... 337,892

For Attorney General.  
Brundage ..... 779,321  
Burns ..... 337,827  
Brundage's plurality ..... 441,494

The Republican ticket, these totals shows, was led in the downstate by Secretary of State Emmerson, both in the total number of votes received and in the plurality over his opponent.

## DENY TESTIMONY GIVEN BEFORE THE SHIPPING BOARD

The Downey Shipbuilding  
Officials Want to  
Appear

NEVER PAID BRIBES  
FOR CONTRACTS

(By The Associated Press.)  
NEW YORK, Nov. 20.—Testimony given today before the Walsh committee investigating shipping board affairs naming the Downey Shipbuilding corporation of New York in connection with alleged collusion to obtain contracts, was declared by officials of the corporation tonight to be absolutely false.

Denials of the allegations and a request that they be immediately subpoenaed to appear before the committee to prove them were made in a telegram sent by officials of the corporation tonight to Representative Walsh. The telegram was signed by Wallace Downey, president; A. A. Cannon, treasurer, and H. C. Hunter, counsel.

"The Downey shipbuilding corporation did not pay any bribe of any amount to any party or parties for procuring contracts," Mr. Downey said.

One of the subjects which should occupy the early attention of the next Illinois general assembly should be the parole law. The crime records of this state, especially in Cook county, reveal the proof that boys and men who have committed crimes and then been

released on parole are responsible for a very large percentage of present wrongdoing.

In Salem, Ohio, typhoid fever is epidemic and the Red Cross has been appealed to for aid. Typhoid is accounted as one of the preventable diseases. Nevertheless this Ohio city is in a bad way. It is a case in point when the membership roll is being considered, for conditions that obtain in Salem are likely to happen in any city. The Red Cross is a protection in the time of disease and disaster.

It naturally happens that as the number of employees of industrial plants are reduced that a weeding out process takes place. The workers who have shown the most efficiency are being retained. It is said that in a number of industries nearly one-third of the employees have been laid off without materially curtailing the output of

the plants. Conditions in past months contributed to inefficiency and non-production, today the situation is exactly reversed.

The U. S. steel corporation announcement indicates that the present price of steel is to be continued. Notices have been sent to subsidiary companies with this suggestion. This announcement will go a long way toward price stabilization for various materials counted as essentials in the industrial world.

Four months ago a Jacksonville business firm advertised in a local paper for a man to fill a vacancy in its working force. The advertisement ran thru a period of ten days and one application was received. Yesterday this same firm inserted the same advertisement and seventeen applications were received within twelve hours' time. Evidently some change has taken place in the industrial situation.

In Davenport, Iowa, the differences between the traction company and the city with reference to street car fares have been settled in a somewhat unique plan. The company agreed to charge a rate which will produce a revenue to cover operation costs and to pay only interest return on the actual investment. The arrangement made provides the manner in which operation costs are to be computed. Certainly the public is not entitled to a better rate.

A Jacksonville lad on his return from Sunday school not long ago proudly told his father that he could repeat the 23d Psalm. His quotation of the opening verses followed the text but later on he quoted "He restoreth my nerves." That's not exactly what the verse says but it's worth thinking about. Isn't that the very thing that most people need, when troubles seem to come thickly about them, when times and conditions disturb?

The big crowd in attendance at the football game Saturday on Illinois field is only one of the indications that shows the growing interest in gridiron contests. A few years ago it was only the immediate relatives and friends of football players that watched the games locally. Now it is entirely different and there is just as much interest in the successes and defeats of the Illinois College football team and similar organizations in Jacksonville as there is in baseball. This increased interest is a fine thing for the institutions, the athletic games and the public.

Petitions which have been circulated asking the county board to submit to the people the question of erecting a community building in memory of veterans of the world war are being signed by nearly all persons to whom presented. For the most part ex-servicemen are circulating the petitions and they have found few objections. The proposal for the memorial seems to have met with general approval, both because the people are ready to show their appreciation to service men and of the further fact that the memorial proposed would have its practical uses.

**BE MODEST IN ASKING.**  
Decatur Review. The Decatur Railway and Light company has a petition before the state utilities commission in which it asks the privilege of charging \$1.55 a thousand feet for gas.

Somebody offers the consoling reflection that the local company does not expect to get all this increase, but that it will be pleased in a fashion with an advance to between \$1.25 and \$1.40. And there is considerable difference between \$1.25 and \$1.40, which becomes of more importance when you burn more than the first thousand feet. We wish the one who brought the consoling reflection had stopped at \$1.25.

And if the company furnishing gas will be satisfied with something less than \$1.55 we wish it had so stated in its petition. Presumably this might be done in an appeal to the utilities commission, which is supposed to be a body that does no guessing and that is influenced solely by facts and figures bearing directly on the question at issue.

If you can get along with \$1.25 it is just as well to say so to the commission, for if it is in good working order it will not grant more. It has had too much experience to pay much attention to high figures set forth in a petition. In other courts folks sometimes

see for \$10,000 and quit with a verdict of one cent.

Rippling Rhymes

**NOVEMBER WINDS**  
November winds are harshly blowing about my shack, the long night thru; and in my bed I hear them hammer at the sashes, I hear them spring the ancient wheeze; "Stoke up your fire, shake down the ashes, or all the hanging plants will freeze!" November's voice is wild and raucous, the genial zest of life it kills, and all night long it seems to mock us, with hints of coming plumb's hills. By the day we hear November shrieking, and beat up well beneath our cross, although we know that autumn's sneaking, and winter comes, a total loss. By day we have our tools and troubles to occupy our minds; we saw our wood and blow our bubbles, and give small heed to wailing winds. But in the night with darkness round us, and ghosts steps creaking on the stair, the wild winds seem to hunt at round us, and fill our bosoms with despair. There's nothing speaks more poignant sorrow than bleak November's voice at night; and so we lie and wish the morrow would come and bring its helpful light.

**IMPROVEMENTS AT NICHOLS PARK**  
In addition to the regular work of clearing the ground of leaves and trash the board is having some substantial adornments made. The posts of the tennis court have looked rather unsightly so the intention is to plant hydrangeas to cover or conceal them to some extent.

A clump of snowballs is to be set out a short distance northwest of the well along the exit. There was at one time an unsightly cinder road there and this will conceal it till it grows over. Along the east side of the exit, except under the trees which come too near the drive, a row of spiraea is to be set out which will greatly beautify that stretch.

The small red berry bushes, known to some as buck brush, are to be taken wherever found in the park and set along the slope on the west side of the exit.

The unsightly remains of the ice house are to be surrounded with shrubs and green growth as far as possible to hide the undesirable appearance of the remains of the building. The tulips which were so much admired last spring are to be renewed next spring only a different kind has been selected, one which will bloom much later in the season.

The dangerous piece of drive just south of the bridge is to be straightened and a well is to be dug west of the drive which will make crossing from the playground unnecessary. This will be better than having the driveway west of the playground which would be very expensive and destroy much parking space.

SPECIAL SERVICE AT WINCHESTER CHURCH

Dr. E. E. Violette Delivers Sermon at Christian Church Saturday Evening—Interesting Items From Scott County Town.

Winchester, Nov. 20.—Dr. E. E. Violette and Rev. M. L. Pontius, Misses Mathis and Miller, drove to Winchester from Jacksonville Saturday evening. Dr. Violette filled the pulpit of the Christian church and gave a very forceful sermon. There were many of his old time friends and a number of relatives in the audience, and all were glad to welcome him back in their midst. Miss Miller pleased the audience with a solo Miss Mathis serving as her accompanist. The choir of the church also furnished some special musical numbers. One made confession of faith.

Mrs. Martha Bowman left Saturday for Chicago where she will visit her son, Walter, and wife.

Charles Burgess and sister of Versailles are guests at the home of Mr. and Mrs. Fritz Hasell.

Mrs. M. A. Henderson left Saturday for Chicago to visit her daughters, Mrs. Gil Hammond and Mrs. Kenneth Parferson.

**COUNTY BOARD IN FIRST SESSION SATURDAY**

F. L. Mawson, county commissioner, received his commission yesterday and the board held its first session. George Wheeler, who is the senior member of the board in point of service, was elected chairman and J. E. Osborne clerk. The board considered several matters of business and one thing passed upon was to change the regular meeting from Saturday to Monday. The members of the board seemed to be of one mind that this meeting date would prove more satisfactory to them and to the public as well.

HENRY IRVING INJURED BY AUTO

Student Receives Bad Bruises When Struck by Car Driven by Frank Stice — Was Taken to Passavant Hospital.

Henry Irving, son of Mr. and Mrs. Frank Irving, 1047 Grove street is a patient at Passavant hospital as the result of being struck by a car driven by Frank Stice late Friday afternoon.

The accident occurred at the intersection of West State and Prospect street. The boy was returning home from school. He started to cross West State street at Prospect street. A trolley car was standing at the intersection. It had just started to move and Irving crossed behind it and did not see Mr. Stice's car. He stepped in front of it and was knocked down and rendered unconscious.

Mr. Stice stopped and took the boy in the car and took him to Passavant hospital. Dr. Norris was called and attended the injured lad. He was found to be suffering from bruises on the left side of the head and body. The injuries are not serious and he will be able to be about again soon.

## DECLARES CRISIS FACES GOLD INDUSTRY

Speaker Before American Mining Congress Says World War and Short-Sighted Policy Brought About State of Disintegration.

DENVER, Colo., — (By Associated Press.)—The black hills prospector, that unique character who has furnished many a theme for novels built around man's quest for gold, practically has disappeared from South Dakota, B. C. Yates, of Lead, S. D., declared in an address before the twenty-third annual convention of the American Mining Congress.

Passing of the prospector has been due primarily to the fact, according to Yates, that "the gold taken from the mines does not have sufficient value to pay the cost of production." He described the gold industry in the black hills as being "in a state of disintegration."

"In every mining community of the hills are to be found empty houses and deserted prospectors' cabins," he said.

"The gold industry," he continued, "is face to face with a grave crisis, brought about by the world war and the short-sighted policy adopted by the government of breeding without feeding the one industry absolutely essential to the life of any civilized nation at all times."

## ELECTED COUNTY SUPT. OF SCHOOLS

Mrs. James L. Barrows, 711 West College street, has received word of the election of her niece, Miss Helen Irving, to the position of county superintendent of schools in Carbon county, Wyoming. As the Journal understands it, Carbon county is the one in which the thriving city of Rawlins is located. Frank P. Irving of Grove street is an uncle of the young lady and Mrs. G. A. Seiber is an aunt as Mrs. Irving and Mrs. Seiber are sisters, daughters of the late Thomas Cannon of this city. Mr. Irving removed to Wyoming a good many years ago and built up for himself and family an excellent name. His other children have done him credit.

Speaking of the young lady the Rawlins Republican says: "Miss Helen Irving, candidate for county superintendent of schools on the Republican non-partisan ticket, is a daughter of Carbon county having been born, raised and educated in the county. She graduated from the Rawlins high school in the class of 1905 and later attended the Wyoming university. On securing a teacher's certificate she returned to Carbon county and taught school in several places and for ten years has been a teacher in the public schools of Rawlins and has a first professional teacher's certificate."

Miss Helen has been a constant student and attendant at the Wyoming University summer school and has been a correspondence student of the university and now has the highest form of teacher's certificate. She is qualified in every way to fill the position to which she aspires. A letter from the young lady who wrote a letter of election, stated that she had been chosen by a substantial majority.

## Funerals

### Finley

Funeral services for the late Miss Carrie Finley were held at 2:30 o'clock Saturday afternoon from the Second Christian church, Rev. A. L. Frost officiating. There was a large gathering of friends and relatives of the deceased. Miss Irene Mallory sang a solo and several hymns were sung by the congregation. The floral tributes were in charge of Mrs. Samuel Crutchfield and Mrs. Bosline. Interment was in East cemetery and the bearers were Henry Douglas, Frank Taylor, Milton Black, George Lyons, Ollie Brown and Allen Timberlake.

### Brown

Brief funeral services were held at 10:30 o'clock Saturday morning at the residence of Mr. and Mrs. R. A. Gates for William Finley Brown, a former Jacksonville resident, who died in Citronelle, Ala. The funeral was in charge of Rev. T. H. Tull of Grace Methodist church, assisted by Rev. J. F. Langton of Trinity Episcopal church.

The many beautiful flowers were cared for by Miss Carter, Mrs. Will Young, Miss Berkley, Miss Jordan and Miss Davis.

Burial was in Diamond Grove cemetery, the pallbearers being J. T. Mathers, E. W. Brown, Walter Ayers, Douglas Smith, C. C. Capps and Charles Hall.

William Finley Brown, the only son of Judge William Brown, was born June 22, 1852, here in Jacksonville. He was, as has been noted in an earlier item educated in the public schools of Illinois College, being a member of Phi Alpha society.

In 1873 he was married to Miss Nellie Demotte, the eldest daughter of Dr. W. H. DeMotte, and to this union were born seven children, two dying in infancy. Wiswell who died in young manhood here in Jacksonville, Finley, who died after the family moved south, and three daughters, Margaret DeMotte Brown, Mary Caldwell Brown and Mrs. Frances Brown Schulz.

In early manhood Mr. Brown engaged in farming on land at Brown's Crossing, but in 1884 the family moved into Jacksonville and Mr. Brown engaged in the insurance business, being actively engaged as an agent or adjuster until impaired health made a move south imperative. They located in Citronelle, Alabama in 1899, and, with the exception of five years which they recently spent in Jacksonville that has been their home ever since.

While not directly associated with Mr. Brown in business, the passing of these two men is a coincidence that we can not refrain from noticing. Both prominent in insurance circles, well known in the business life of the city, their families closely bound by ties of friendship, their going away at the same time is noteworthy.

Springfield, Ill.—(By A. P.—) Illinois as a mineral producing state has passed all the states west of the Mississippi river, not excepting Colorado, Montana or California, according to announcement by Dr. A. R. Crook, of the state Museum.

A guide, edited by Dr. Crook, lately has come from the presses, describing each of the more than 1,000 different minerals which have been produced in this state. Statistics compiled by Dr. Crook disclose the fact that last year the total value of mineral productions of Illinois was more than \$117,000,000 while that of California, more widely known, perhaps, Dr. Crook points out, as a mineral producing state, was only \$101,000,000.

## MANY VISITORS ARE EXPECTED AT U. OF I.

Urbana, Ill.—Owing to the expected influx of visitors in attendance upon the Dad's Day exercises and the more than 2,000 delegates from all over the state to the annual high school conference at the University of Illinois every rooming house and all other sleeping accommodations in Urbana and Champaign will be crowded.

The office of Prof. H. A. Hollister made an intensive canvass of Champaign and Urbana to locate every available room and to engage them for the week end. The chamber of commerce of Champaign, and undergraduate organizations assisted in the work of listing accommodations. Assurance of quarters for at least 8,000 visitors has been sought.

## GIVES REAL FACTS ABOUT THE RED CROSS

Here Are a Few of the Things Accomplished by the Red Cross Society — The Facts Have Been Taken From the Official Records.

A grave mistake seems to have been made by many people regarding the life and activities of the Red Cross. It is assumed by them that the Red Cross as an organization ceased immediately

on the signing of the armistice, and that any work it undertakes to do now is in the nature of intermeddling or officiousness. Such is not the case as an inquiry into the origin and development of the society will show. It was originally established in the United States thirty-nine years ago, and was maintained entirely by popular subscriptions and volunteer workers, up to the year 1905.

Jan. 9, 1905 congress officially recognized it and granted a charter in which is specifically stated the work this society may do.

Congress designated the responsibilities under four general heads.

1. To furnish volunteer aid to the sick and wounded of armies in time of war in accordance with the conventions of Geneva.

2. To act in matters of voluntary relief and in accord with the military authorities as a medium of communication between the American people and their army and navy.

3. To continue and carry on a system of national and international relief in time of peace, and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods and other great national calamities.

4. To devise and carry on measures for preventing the same.

Let us briefly review the acts of this society and judge if it has met the responsibility placed upon it.

Charge 1. To furnish volunteer aid to the sick and wounded of armies in time of war.

In performance of this charge the American Red Cross, thru its millions of workers furnished 387,000,000 surgical dressings and garments to the hospitals and camps during the great World War.

Serves Many Millions. It furnished aid and comfort to five million fighting men and to twice that number of civilian sufferers and refugees. The exact number of these refugees will never be known. In France alone they numbered 2,900,000.

Today the Red Cross is serving

ing 17,000 officers and men of the U. S. army in Germany. From July 1, 1917 to May 1, 1920 \$279,000,000 was spent by Americans thru the Red Cross in bringing this aid to those who were fighting and suffering in foreign lands. This is the record in response to its first duty, and this achievement will render the society immortal.

Charge 2. To act in matters of voluntary relief and in accord with the military and naval authorities as a means of communication between the American people and their army and navy.

When the armistice was signed, and in the minds of many the Red Cross went out of existence, there were 92,735 men in American army and navy hospitals who needed and received Red Cross service.

On July 1, 1920 there were still 26,414 men in the army, navy and public health hospitals in the United States cared for by the Red Cross.

Former service men ministered to by Red Cross workers in U. S. public hospitals numbered 53,000.

Over 1,000 Red Cross nurses were provided for this service last year.

Possibly greater than all previously recorded is the fact that every known man who was blinded or partially blinded in service has received or is receiving treatment and such instruction at the Red Cross Institute for Blind at Baltimore as will enable him to become independent to the greatest degree possible.

Certainly no one with a spark of humanity in him begrudges the one dollar fee for membership when it goes to the relief of these blind heroes.

The Red Cross since the close of the war, in co-operation with the war department has furnished 53,180 families of fallen heroes who laid down their lives on a foreign field, photographs of the graves of their individual dead.

Continually since demobilization began the Red Cross thru its Home Service department has been in touch with returning soldiers and 800,000 of their families who rely on the Red Cross for the service rendered by the absent soldiers.

Official statistics show that 100,000 persons die in this country as the result of accidents, the Red Cross has established and is maintaining First Aid Service to combat this loss and suffering.

Over 92,000 women were graduated last year from 7,943 Red Cross classes in Home Hygiene and Care of the Sick. The Red Cross certainly has fulfilled the second charge of its obligation.

Charge 3. To continue and carry on a system of national and international relief in time of peace and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods and other great calamities.

Has Glorious Record. Note particularly the injunction "To continue and carry on." During the 39 years of its existence the Red Cross has given relief in 250 floods, fires, tornadoes, and other disasters and directed the expenditure of more than \$13,000,000 in this work.

During one year ending June 30 last, 30,000 unfortunate living in 150 stricken communities were given relief by the Red Cross in its determination to live up to the command "Continue and Carry On."

In its foreign relief work the society faces a condition without parallel in history. Revolution, famine, pestilence, nakedness and death are marching to and fro, hand in hand across the continents of Europe and Asia, millions of human beings are enduring the tortures of the inferno. In the name of our common Master do not begrudge them the one dollar fee required for membership.

Charge 4. To devise and carry on measures for preventing the foregoing causes of suffering. Notice particularly once more the command "To devise and carry on."

In furtherance of this obligation the Red Cross health centers are trying by various means to educate the people to keep well, to minimize the spread of disease and saving at least a portion of the 750,000 persons who succumb each year from preventable diseases. This service has been extended to 15,000 communities.

Morgan county is one of these, and the benefits to be derived will be in proportion as the membership is willing to sustain the organization. The Red Cross is more than national, it is international, and if we are wise we will take advantage of the great possibilities it offers. The Red Cross has not overstepped and will not transcend the powers granted by its charter, but will seek to carry out to the limit the great responsibilities with which it is charged.

The Red Cross has no quarrel with any one who does not wish to co-operate with it, but will "continue and carry on" in relief of the unfortunate so long as the people whose compassion is without limit when human suffering is involved, will sustain its efforts.

LEAGUES DELEGATES ARE SOME SMOKERS

Paris—The Belgian government has just presented to the league of nations a bill for cigars amounting to \$0,000 francs. The bill says: "These cigars were smoked or carried off by members of the various delegations at the Spa conference."

That conference was held in July and was attended by members of the Supreme Council and representatives of the German government.

The Secretariat of the League of Nations has announced that it is short of money and moreover it refuses to take over the debts of the Supreme Council.

The Belgian government argues that the Spa conference formed part of the "operations" of the league of nations.

The bill remains unpaid. The league of nations assembly will hold its first meeting at Geneva, November 15.

## A WORTHY VETERAN.

James Henry of Winchester, a worthy veteran of the Civil war came to the city yesterday. Mr. Henry was quite young when he enlisted and was a member of the 33d Ill. Infantry, the command so largely made up at Normal. The late Joseph B. Williamson was also a member of the same organization. The regiment spent some time in New Orleans at the time Ben Butler

gave the place such a cleaning up and overhauling. They also participated in many of the sanguinary conflicts in the south part of the Confederacy. Moving about so fast it was hard for the quartermaster to keep up with the supplies and once they were narrowed down to half a pint of cornmeal and some molasses for a day's rations. They also took part in the

Vicksburg campaign and were kept there till December. A good many places in that vicinity were visited by the brave boys and they left their mark wherever they went.

# OHIO WINS CHAMPIONSHIP FROM ILLINOIS

## Buckeyes Down Illini In Last Ten Seconds

URBANA, Ill., Nov. 20.—Ohio carried the 1920 football championship of the Western conference back to the presidential state tonight.

In the most spectacular finish in the history of the Big Ten conference, the Buckeyes triumphed over the Illinoians in the deciding game of the Big Ten conference, 7 to 0, in the last ten seconds of play, snatching the championship from the hands of the Illinoians.

At the end of the game, Coach Hannan of the Buckeyes, who had been leading his team to victory, was seen in a state of great excitement, and was congratulated by his players and the crowd.

The game was a hard-fought one, with both teams showing great skill and determination. The Buckeyes, led by quarterback Cully, were able to outlast the Illinoians in the final moments of the game.

By winning today's game, Ohio remained undefeated this season and has undisputed claim to the title.

Both teams were keyed to a winning pitch and fought valiantly on even terms until the last few minutes of play. Illinois, which had been leading 3 to 0, was suddenly reversed by the loss of Captain John Depler, who was injured by a tackle from the Buckeyes.

The Buckeyes, who had been trailing 3 to 0, suddenly found themselves in the lead when Cully kicked a field goal in the last ten seconds of the game.

Each team had one opportunity to crash over with a touchdown, but the time the attacking team had to get the ball within the five yard line was used up. But at the last moment, a desperate drive by the Buckeyes, who had been trailing 3 to 0, suddenly found themselves in the lead when Cully kicked a field goal in the last ten seconds of the game.

The crowd that packed Illinois Stadium was the biggest that ever witnessed a football game in this great university town. There were 22,000 persons jammed into the stadium, and the excitement was at its height.

Workman the Ohio quarter back, who had been leading his team to victory, was seen in a state of great excitement, and was congratulated by his players and the crowd.

The game was a hard-fought one, with both teams showing great skill and determination. The Buckeyes, led by quarterback Cully, were able to outlast the Illinoians in the final moments of the game.

Two Rules Little Known To Most Football Fans

URBANA, Ill., Nov. 20.—The Ohio State-Illinois game resulted in the application of two rules which are little known to most followers of football. One is that when a player is called after a play has started the offensive team must be allowed to complete it.

The final play of the game, the one which won the championship for Ohio, was a play which was called after it had started. The referee, who was from Chicago, ruled that the play should stand, and Ohio won the game.

ST. LOUIS, Mo., Nov. 20.—When George Sisler, the Browns' first sacker, blazed the trail for American League hitters during the campaign, he ended and finished with an average that marked the first occasion in eight years that a major league player has reached the 400 mark.

Sisler, who has been playing for the Browns since 1906, when he was first called up, has now reached the 400 mark for the first time in his career.

## MILLIKIN DEFEATS ILLINOIS COLLEGE

Visitors Swamp Locals Under Avalanche of Touchdowns—Final Score was 40 to 3—Barnes Drop Kicks for Illinois' Score.

Millikin University of Decatur, playing the best brand of football seen on Illinois field since Harmon's famous 1915 team, buried Illinois College under an avalanche of touchdowns Saturday afternoon. When the final whistle sounded the score was 40 to 3 in favor of Millikin.

Incidentally Millikin clinched her right to the state college championship by winning this game, as she quits the season with a clean slate.

Coach Wann presented a well balanced machine. He had a good line and a fast field. Using the Minnesota shift, McWherter sent his backs thru the line time and again. Most of the plays were off tackle and it was just a case of a steady march down the field when Millikin got the ball.

The greatest disappointment to the supporters of Illinois was the work of the forward wall. The line did not play anywhere up to its usual form. Had it done so the story would have been different, for we do not believe Millikin could have run Illinois' ends and they were not successful with many forward passes. However, the Illinois line did not seem to be able to solve the Millikin attack and it took the secondary defense to stop the man with the ball in nearly every instance.

For Illinois' Jimmy Barnes, playing his last home game, covered himself with glory. Barnes by a beautiful drop kick from the 40 yard line scored Illinois' only points. In addition to this Barnes starred in carrying the ball. Once he broke thru the Millikin defense for a forty yard run and Wallace saved a touchdown by a tackle on the five yard line. Barnes also punted well and played a good defensive game.

Cully, Rogers and Scott also made gains on offense and on defense were a tower of strength to Illinois. Cully had to leave the game late in third quarter but he played brilliantly thruout.

First Quarter.

Cully won the toss and Millikin kicked off to Cully, who ran the ball back 20 yards. Illinois then started out like they were going to tear things up. They made two first downs and then Millikin held.

After getting the ball Millikin started her off tackle attack and marched steadily down the field for a touchdown. Wallace carrying the ball over, McWherter kicked goal. Score, Millikin 7, Illinois 0.

Millikin again kicked and Illinois not being able to gain, kicked. Millikin made two first downs and then tried a place kick which went wild. Illinois put the ball in play on the 20 yard line. Illinois was forced to kick and Fanning downed the catcher in his tracks.

Second Quarter.

When the quarter started Barnes hit the line and placed the ball on the 2 foot line where Millikin held. Zollers immediately kicked out of danger. With the ball in Illinois' possession, Barnes stepped back and made a beautiful drop kick from the 40 yard line. Score, Millikin 7, Illinois 3.

Millikin again kicked to Illinois, Barnes carrying the ball back 15 yards. Illinois made first down on a penalty and was then forced to kick. Millikin immediately started her smashing line attack and Hamilton went over for a touchdown and McWherter kicked goal. Score, Millikin 14, Illinois 3.

Third Quarter.

Barnes received Millikin's kick and ran the ball back 20 yards. Barnes passed to Rogers for 15 yards. Millikin held and Illinois kicked. Millikin made five first downs, putting the ball in striking distance, and McWherter went over for a touchdown. The goal was missed. Score, Millikin 20, Illinois 3.

Rogers received Millikin's kick and carried the ball back 25 yards. Illinois could not gain and Barnes kicked. Millikin carried the ball straight down the field to the 3 yard line and McWherter went over. Abrams

## WISCONSIN DEFEATED CHICAGO, SCORE 3-0

Davey Kicked a Field Goal in the Final Quarter from the 37-yard Line—Maroon Fought Hard Thruout Entire Game.

Chicago, Nov. 20.—Allan Davey sent a drop kick spinning thru the uprights in the final quarter today and gave Wisconsin three points to none for Chicago in a game in which Chicago gained honors for its valiant fighting altho forced to surrender the victory to the Badgers.

The Maroons, apparently facing an overwhelming defeat at the hands of the eleven which a week ago conquered Illinois, rushed into the contest with an aggressive spirit which kept Wisconsin on the defensive thruout the first quarter.

The latent superiority of Wisconsin began to show in the second half, however. Forward passes which Chicago previously had broken up easily began to nestle safely in the arms of Crismon sweated athletes, and the slashing off tackle dashes of the Badger half backs brought additional yardage. About the middle of the final period Wisconsin recovered the ball on its own 45 yard line. Williams dodged and twisted around end for 30 yards, and after forward passes had failed Davey dropped back to the 37 yard line for a kick which sent the ball squarely between the uprights for the only points of the game.

TOLEDO GOING AFTER BOWLING TOURNAMENT

Toledo, O., Nov. 20.—Toledo is going after its fourth national bowling tournament. Bowling promoters made this clear when they brought about a visit from A. L. Langtry of Milwaukee, secretary of the American Bowling Congress. It is planned to send a large crowd of boosters to the Buffalo meeting to land the tournament for Toledo in 1922.

NEBRASKA DOWNS MICHIGAN AGGIES

Lincoln, Neb., Nov. 20.—Sensational runs during the first half helped Nebraska defeat Michigan Aggies 35 to 7 here today. Both teams resorted to forward passes in the last half, Michigan outplaying Nebraska in aerial football. Michigan's score was made in the last period by straight football.

SPRINGFIELD, Mass., Nov. 20.—Springfield Y. M. C. A. college defeated the University of Detroit this afternoon in a spectacular contest by a score of 7 to 3. Detroit scored on a field goal by Laur in the first period. Springfield's forward passing game was bewildering to the westerners.

## Three Field Goals Wins for Harvard

New Haven, Conn., Nov. 20.—Repulsed repeatedly in their attacks at the Yale goal line today, Harvard resorted to a kicking offense and, with three field goals, defeated the Elis by a score of 9 to 0 in the annual football combat in the Yale bowl.

The contest, witnessed by close to 80,000 spectators, and the thirty-ninth between the two universities since 1875, was a remarkable exhibition of the comparatively modern open and aerial game.

The defeat of Yale, while not unexpected, took a most unusual turn, due to the ragged but savage defense of the Elis who, facing a far more finished football machine, refused to be awed by the gridiron juggernaut of Harvard. Hurling their weight in front of the Crimson charges or leaping upon dodging and squirming runners, the Yale players battled so savagely that altho the Cambridge clan several times drove the Elis back to the shadow of their own goal posts a touchdown was beyond the physical ability of the Crimson eleven led by Arnold Horween.

In this crisis Harvard fell back upon the kick for field goal and three times out of five tries booted the ball between the uprights, while Yale, defeated but not disgraced, left the field with the satisfaction of having partially checked its greatest rival in a triumph that was considered such a foregone conclusion that Harvard cohorts were offering odds of three to one before the game, with few takers.

Both teams showed a stronger defense than attack, and this was particularly notable in the case of Yale which apparently had assimilated the lesson of the Princeton defeat and followed the ball with commendable zeal. Harvard found it reasonably easy to gain ground between the 25 yard lines, but once within striking distance of a touchdown the Yale line and secondary defense stiffened and held their rivals' charges to small gains which necessitated kicking.

The Blue, however, failed to develop anything in the way of a deceptive attack and almost all its line plunges, end runs and passes were diagnosed and held to a failure or small gains. Considered entirely from a technical standpoint, Harvard outplayed Yale in almost every particular as a team, but the individual efforts of the Eli eleven offset this team advantage to a considerable extent. Had the Blue offense been built upon a

CONTEST IN PROGRESS  
AT ALEXANDER S. S.

Two Divisions in Membership and  
Attendance Contest Gave Social  
at Church Friday Night—Other  
Alexander News.

Alexander, Nov. 20.—A social  
was held at the M. E. church Fri-  
day evening under the auspices of  
the "Reds" and "Blues," the two  
divisions of the Sunday school in  
the contest which is now in pro-  
gress. This is a membership and  
attendance contest and much  
friendly rivalry is manifest. The  
captain of the "Blues" is Miss  
Harriet Erickson, while the  
"Reds" are led by Miss Wanda  
Willett. Contests and various  
games were enjoyed Friday night  
and the large company of people  
in attendance found the evening  
most entertaining. A quartet com-  
posed of Claude Keenan, Fred  
Neal, Albert Nall and Albion  
Black sang a number of selections  
with great acceptance. Popcorn  
balls and apples were served to all  
in attendance.

The Sunday school at the Meth-  
odist church now has a member-  
ship of 125 and a gratifying inter-  
est is being shown in the work of  
that department, as well as in the  
other lines of church activity.

## OBITUARY.

Private Leo P. Flynn died at  
Bordeaux, France, at Base Hospi-  
tal 114, from wounds received  
in the battle of the Argonne For-  
rest. Private Flynn left Jackson-  
ville June 28, 1918, for Camp  
Taylor and was soon afterwards  
transferred to Camp Beauregard.  
It was not long afterwards until  
with comrades he was at Newport  
News. After two days spent in  
securing equipment, was on his  
way overseas. It took twelve days  
to make the journey, the transport  
landed at Brest, France, and then  
he was transferred to a camp a  
few miles away and later to  
Mehan he was given a few days'  
bayonet practice and was then  
sent forward to the front line.  
The final part of the trip was  
made in automobiles, trucks and  
ambulances. Private Flynn was  
born and raised in Morgan county  
seven miles southwest of the city.  
He followed the occupation of  
farming, and was a young man of  
sterling worth and ability. He is  
survived by his parents, Mr. and  
Mrs. Jerry Flynn, four brothers,  
William, Jerry, Charles and Rob-  
ert, and four sister, Bessie, Delia,  
Erma and Lillian. Funeral ser-  
vices will be Monday morning at  
Church of Our Savior at 9 o'clock.  
Burial in Calvary cemetery.

CARDINALS WILL GIVE  
YOUNGSTERS TRYOUT

ST. LOUIS.—More than 20  
youthful players, several of  
whom have already had their  
major league baptism are sched-  
uled to go south with the St.  
Louis National league club when  
the spring training season opens.  
Manager Riekey has 22 in line  
at present and list is expected  
to be enlarged. The collection in-  
cludes 11 pitchers, 5 infielders, 4  
outfielders and 2 catchers.

The pitchers are Lou North,  
Mike Kircher, John Scott, Walter  
Schulz and Frank Woodward, all  
of whom saw several weeks serv-  
ice with the Cardinals in 1920,  
and six new comers—Chester  
Boyer, Ranger Tex; Frank Dod-  
son, Fort Smith; George Lyons,  
Sioux City; Arthur Reinhart,  
Milwaukee; Arthur Riviere and  
Leo Weber.

The two catchers are Carlos  
Tim Griesenbeck, from Cisco,  
Tex., and George Gilham of Suf-  
folk, Va., neither of whom had  
been seen in action here.

Two of the recruit outfielders  
are returning to the club after a  
year in the minors. They are  
Clarence Meiler, Fort Smith, and  
Ed Bogart, Joplin. The other  
pair are George Miller, from Hag-  
erstown, Md., and Dorsey L. Car-  
roll, Memphis.

The new infielders are Adams,  
a shortstop from Danville, Va.;  
Ray Blades, Memphis; Irving  
Wimmer, a local semi-pro; Bot-  
tomley, and Ezzell, whom Scout  
Charley Barrett is bringing from  
Texas.

PEORIA WILL HAVE  
NEW BASEBALL PARK

Peoria, Ill.—The Peoria team  
of the Three-I league will play  
in a new \$100,000 city owned  
park next season. Work on the  
new plant is under way, and it  
will be finished before the open-  
ing of play in 1921. The bond  
issue to provide the new park  
was authorized by Peoria voters  
in an election last spring. The  
stands and bleachers will all be  
of concrete and steel structure.  
The seating capacity will be 10-  
000.

THE UNIVERSAL CAR

## The Ford One-Ton Truck

As a matter of fact we might almost as well call it a Three-Ton  
Truck, for it very rarely carries a smaller sized load. The owners  
of the Ford truck take advantage of the high qualities of materials  
which are known to be put in the Ford car, take advantage of the high  
quality of Ford workmanship which characterizes Ford cars and they  
overload to the limit. Well, the Ford truck has never broken down with  
any of these overloads. It delivers expectations and double expectations  
so far as carrying capacity is concerned, and while that is not fair to the  
truck, still the owners are satisfied.

But the Ford one-ton truck, with its aluminum bronze worm drive,  
its greater weight and strength of frame and its incomparable power  
plant, is without a reasonable competitor in price, in service, in cost  
of operation. It is the lowest priced truck on the market, of equal ca-  
pacity. No other truck on the market operates so economically and  
we believe there is no other truck that will give as satisfactory and  
profitable results. Our allotment is limited. Better leave your order  
without delay.

### ELKS JOLLIES WILL HAVE GOOD DANCING

Audience Will See Some of Best Dancing Ever Shown in Home Talent Show—All of Old Favorite Will Be Seen.

Seldom does a show, especially one enacted by those who do not make the stage their profession, contain the dancing which will be seen in the Elks Jollies of 1921 at the Grand next Wednesday and Thursday nights, Nov. 24 and 25. The four elaborate scenes in the show—an isle in the Pacific, a department store, a Spanish bull ring, and a country club—have big opening choruses which are crammed full of dancing for the large chorus to start to finish. The opening to the Spanish scene is one of special interest to dance lovers, having the languorous grace, napping of castanets and leaping, and stamping of heels peculiar to the dances of that country. Novel steps are also introduced in the country club scene in which the girl members of the chorus do a dance with golf clubs while the young men use tennis rackets. In addition to the opening choruses two song numbers both of which are led by Miss Welella Miller have vocal and intricate dancing accompaniments by the chorus. The short minstrel first part, which comes at the end of the show, uses a big medley of dancing and tambourine work. A short dance, reminiscent of the soft shot stepping of George Primrose, is offered in this scene by Byron Shibe and Lee Henry Goebe. The end-men in the minstrel scene will include W. G. Benson, Leonard Potter, Homer Woods, Art Rowe, E. H. Burkhardt, George Imgrund and Alex Robb. The latter of the Bren company, T. C. MacVicar will act as inter-locutor.

The reservation of seats for both performances will begin Monday morning at the box office.

### IS TAKING PICTURES

As H. H. Vasconcellos, county superintendent of schools, makes his visits throughout the county this year he is taking pictures of all school buildings. These pictures are to be made up into an album and placed in the files of his office. When the directors come in to talk about matters relating to the physical property in their districts the pictures on file will often be of value. The pictures thus far taken indicate that there are some excellent district school properties in the county and that there are some others where the buildings are really not a credit to the districts. It is a strange fact that in some districts with high priced land and well to do citizenship that the school buildings maintained by no means on a par with the farm homes in the same district. However, in recent years there has been a decided tendency toward betterment and the school properties of Morgan county are constantly being improved.

### Social Events

#### Gave Dinner in Honor of Son.

Mr. and Mrs. W. J. Bown of 721 Hardin avenue gave a 6 o'clock dinner at their home Saturday evening in honor of their son, Elzie Bown of East St. Louis. The guest list included nine of his intimate friends, and the occasion proved one of much pleasure.

#### Entertained Friends.

About thirty friends of Mr. and Mrs. Chris Howard enjoyed an oyster supper Saturday night at their home six miles northwest of the city. The time was spent with music and games, and it was in every way a very pleasant social event. Oysters were served in various styles and there were also other good things to eat.

#### Ladies Aid of Ebenezer Meets.

The Ladies Aid Society of Ebenezer church met Thursday afternoon with Mrs. Clifford James at her home, "Fairview" on Sandusky street. A goodly number of the members were in attendance and there were also some guests. The devotional exercises were in charge of Rev. Mr. Braceswell. The program included a piano solo by Miss Hazel James and a vocal number by Mrs. Elsie Dewese, both of which were greatly enjoyed. A social hour came after the program and the serving of delicious refreshments by the hostesses took place at this time. The next meeting of the society will be held on Dec. 9 with Mrs. J. W. Rawlings.

#### WOODSON'S COMMUNITY CHRISTMAS TREE

Be a BOOSTER and a GOOD FELLOW! Woodson plans a large Community Christmas tree. We want to make our community happy with the Christmas spirit and need your help. This is the BIG IDEA.

WANTED! First, some Big Hearted Brother having on his farm a large Christmas tree to donate the same to be placed on Woodson School Grounds that it might be decorated and lighted, and around which our community might enjoy a real Christmas Eve. If YOU have such a tree, will you not at once phone one of the tree committee and tell him you will be that big brother. Second, we want everyone in our community to think of this as YOUR tree and freely give whatever time, talent, suggestion or money to make this a worthy while Christmas gathering. You may have, for example some decorations you could let the decorating committee have, if so, let them know it right away; it is our desire to give every child in the community something from the tree this Christmas, especially any poor children, who may otherwise be neglected. This will be made possible by the free will offerings of the people. Third, the School House will be heated, and music and a community sing of Christmas carols with the distribution of the gifts will complete our trust a worthy and well spent Christmas Eve. The executive committee appointed last Sunday announces the following committees with power to add to their number as advisable:

Tree Committee—Nellis Grain, chairman; Con Lonergan, Albert Hoagland, Dillard Fitzsimmons, Joe Self, Harry Trotter.  
Music Committee—William Colton, chairman; George Cunningham, Mrs. Gallagher, Dr. Jones, Chester Colton.  
Decorating Committee—Mrs. Henderson, chairman; Miss Eva Mortimer, Mrs. W. T. Craig, Mrs. Ina Colton, Mrs. Hugh Hagan.  
Finance Committee—S. J. Baxter, chairman; Hugh Hagan, Ed Barrows, Charles Newman.

**SOME FINE APPLES.**  
S. T. Zachary is the pleased recipient of a box of fine apples sent him by his nephew, John Jackson, of Seattle, Wash. The fruit is known as the "Delicious" variety and is well named as the apples retail at fifteen cents each.

**CARD OF THANKS.**  
We wish to extend our sincere thanks to relatives, friends and neighbors for the many beautiful flowers and the kindness shown us during the illness and death of our little daughter, Ruth Elizabeth Lewis.  
Mr. and Mrs. Emerson Lewis and son, Clarence.

### TWENTY FOUR FINISH COURSE AT BROWN'S

Graduating Exercises Held Saturday Night—Strickland Gillilan Delivered a Sample Case of Humor.

Twenty-four young men and women received diplomas Saturday night at the graduating exercises of Brown's Business College, held at Central Christian church. The big auditorium was completely filled. This large attendance was due partly to the general interest in the college and students, and partly to the fact of the presence of Mr. Strickland W. Gillilan, who gave a lecture. Mr. Gillilan was introduced by Mr. H. E. Read, president of the college, as the greatest humorist in the U. S.

This was the second appearance of Mr. Gillilan in Jacksonville within a year, as he was here last summer at the chautauqua. Judged by the lectures in Jacksonville, the people who have heard Mr. Gillilan are quite of one mind that he deserves the appellation of "the world's greatest."

The program last night began with an organ number by Mr. Willard Wesner and then came the invocation by Rev. W. H. Marbach. An address of welcome was made by Mr. G. C. Claybaugh, principal of the school, who presented the members of the class to Mr. Read for the presentation of the diplomas. Mr. Read referred to the fact that the local college was first in the large group of institutions that the late G. W. Brown developed and he said that Mr. Brown ranked as one of the foremost business educators that the U. S. has known.

The graduates are:

Complete Business Training Course—Louise Boston, Annabell Crum, Shirley Murgatroyd, Rowena Sinclair.  
Special Secretarial Course—Helen V. Carlson, Edith Rodems, Margaret J. Harrison.  
Business Managers' Course—Franklin Matthews, Leonard Robinson.  
Short-hand and Typewriting Course—Pearl Dohrs, Esther Sample, Helen Jackson, Inez Werries.

Bookkeeping Course—Raymond C. Allen, Paul Black, Wilbur Dama, Rudolph Davidson, George H. Evers, Edna Kilham, Fred Masters, Orville Stumborg, Chester Thomason, Inez Werries, Charles Williamson.

Mr. Gillilan's theme was "A Sample Case of Humor." The lecture was more than an hour in length and most of that time was spent in laughter. But along with the Gillilan humor there is a vein of seriousness that shows the great heart of the lecturer and his realization of what are real values in life. There is a sermon in his humor without sermonizing, and the proof that Mr. Gillilan seeks for something far more important than merely amusing his auditors. Here are verses from Mr. Gillilan's pen quoted last night, which quite reveal his heart.

**After School.**  
When home from school's long day he drifts  
And to my gaze his fresh face lifts  
I read the tale of all the joys  
And sorrows that are every boy's—  
I knew them once, I feel them yet,  
Thru later living's deeper fret.  
But still I hold him close, and say  
"Son, tell me all about your day."

He tells me—whispering o'er each grief,  
And laughing next in swift relief;  
The big, bad boy who hid his hat;  
The girl who slipped from where she sat,  
To meet with teacher's well-earned frown;  
And how the littlest boy fell down.  
I list—not that I do not know,  
But only that I love him so.

When, at life's troublous school day's close,  
Each world-worn pupil homeward goes,  
Straight to the Father's eyes we'll raise  
Our own, prepared for blame or praise.  
He'll slip an arm around, and say  
"Child, tell me all about your day."  
Not that Our Father does not know,  
But only that He loves us so.

Following the lecture the audience joined in singing America and the program closed with an organ number by Mr. Wesner.

## CELEBRATE RELEASE OF HARD ROADWAYS

Plans Under Way for Gigantic  
Celebration of Release of More  
Than 100 Miles of Hard Roads  
in Central Illinois.

Springfield, Ill.—Plans for a gigantic celebration to mark the release of more than 100 miles of hard roadways through Central Illinois, to take place the latter part of this month, probably at Mason City, are being made by automobile clubs in this locality. Several of the newly built hard roads already have been thrown

open to the public and several more are scheduled for release later.

Officials of the several automobile clubs believe that the completion of more than 100 miles of hardened road surface from Chillicothe, south through Peoria and Springfield to Chatham should be the occasion for rejoicing of "out-of-the-mud" boosters and accordingly, plans for the celebration were started. Tomorrow is the date for the opening of the Peoria road, north of that city at Carpenter's bridge, which has been closed for more than two years. Detouring to the Chincapi road to reach the city from the north no longer will be necessary. The date for the opening of the hard road between Springfield and Peoria between Barr Station and Athens has been set for November 23.

To the south of this city, contractors made rapid progress on the paved road to Chatham. This road was opened Nov. 15, and autoists may make the entire trip from here on a cement roadway.

Robert Hall, who was hurt Friday, is not in danger. He was driving a high-stepping horse in a buggy when the animal ran away, the shaft broke and Mr. Hall was pitched against the sidewalk. Mrs. H. H. Hall and Mrs. Charles Hall went over to Virginia to see him.

Fanny Ryan and Miss Dorothy Sargent traveled from Franklin to the city yesterday.

## BIRTHDAY DINNER AT MURRAYVILLE

Mrs. T. G. Beadies Entertains  
Relatives at Birthday Dinner in  
Honor of Charles Greenwalt's  
Birthday — Other Manchester  
Items.

Murrayville, Nov. 20.—Mrs. F. G. Beadies entertained a number of relatives at a duck dinner Sunday in honor of the birthday of her father, Chas. Greenwalt of Jacksonville. Those present were Mr. and Mrs. Edward Greenwalt and children of Jerseyville, Mr. and Mrs. Bide Greenwalt and son of Manchester, Mr. and Mrs. Bert Beatty and Mrs. Emma Crouse of Lowder, Mr. and Mrs. Chas. Greenwalt of Jacksonville and Mr. and Mrs. Chas. Rousey and daughter, Helen and son, Clyde.

Mr. and Mrs. Arthur King moved here last week from Jacksonville. Mr. King will have charge of his father's business affairs, while he spends the winter months in Los Angeles, Cal.

The W. F. M. S. will hold a market Saturday afternoon, Nov. 20th in the town hall. The King's Herald society will sell popcorn and home-made candy.

Mr. and Mrs. Chas. Riggs and son of Jacksonville spent Sunday with relatives here.

The Queen Esther circle will give a play entitled "Deacon Dubbs" Tuesday evening, Nov. 23rd in Carlson's Hall. Tickets will be on sale at Carlson's store Saturday, Nov. 20th.

Harry Phelps and Carl Rousey have dissolved partnership in the garage business. Arthur King purchased Mr. Phelps' interest and the new firm will be known as Rousey & King.

Mr. and Mrs. Warren Wright were St. Louis shoppers Wednesday.

Misses Edna and Elva Osborne of Jacksonville visited relatives here from Friday until Sunday. Mrs. Anna McCarty of Manchester spent the first of the week with her daughter, Mrs. Harry Cade and family.

Mrs. O. N. Angelo has been ill this week with the "flu." C. A. Boruff of Jacksonville was a business visitor here Monday.

Clyde M. Fanning and Warren E. Wright attended an American Legion meeting in Jacksonville Tuesday evening and were entertained at supper at the Peacock Inn by the Commander of Jacksonville Post, R. Y. Rowe.

Relatives received word here Friday morning that the condition of Mrs. George Hayes, who is a patient at Our Savior's hospital, is very unfavorable.

Mr. and Mrs. Harry Strang and sons were guests Sunday of Mr. and Mrs. Clyde Chapman in Manchester. A. H. Kennedy was a business visitor in St. Louis several days last week. Mrs. Lucy Grunder of Woodson visited Mr. and Mrs. Edward Fuller this week.

## LIVING COSTS

REACH NEW RECORD

Berne—The cost of living in Switzerland reached a new record last month, being three and one-half per cent. higher than was ever known here. The cost of maintenance for a family of four, including only the barest necessities of life amounts to 2,790 francs yearly. The increase in the prices is especially noticeable in the meat and milk trades.

YOUR EYES TIRE  
EASILY

Like other parts of the body, your eyes are subject to fatigue.

But if properly used, they can do an enormous amount of work without becoming tired.

Therefore, if they tire easily something is wrong, and they should have immediate attention.

Eye-weariness shows itself in blurred vision, in headaches, in inability to recognize persons at usual distance, and in slowness in changing focus, when you suddenly look up from close work.

If you have any of these symptoms let us make an examination of your eyes.

## BACTERIAL FERTILIZERS

Look upon the bacterial fertilizers offered for sale with a wary eye. The advertising reads as well as the advertising on a patent medicine bottle but words do not count with Mother Earth. These fertilizers which tell so convincingly how the bacteria they contain will stimulate corn production, are likely to be distressingly short of bacteria, and even if bacteria are present, they are useless. It is science, that is exact knowledge, that will put bacteria in your soil or set the bacteria already there to work.

Where inoculation by pure cultures is desired, which is the common sense way, according to the laws which govern soils, consult your experiment station. Speaking particularly of the nitrogen-fixing bacteria, Albert Whiting, Chief of Soil Biology in the University of Illinois says: "If one grants that some of these materials contain bacteria true to the label, it may even then be stated that there is no necessity for their purchase. Most normal soils contain these same bacteria and usually in sufficient quantity. By establishing proper conditions the growth of these organisms may be made such as to entirely eliminate the need for adding to the soil any of the group of bacteria."

Again of inoculator peat: "It is marketed for the purpose of selling the peat rather than the bacteria. The extensive peat deposits found in various parts of the country are in this way being commercially exploited. The value of peat treated or untreated has yet to be reliably demonstrated for use even on sandy soils."

Of the sulphur and nitrogen bacteria in mixtures of limestone and phosphates he says: "Mixtures containing sulphur bacteria and the important nitrogen bacteria together with limestone and phosphates are offered for sale. A material made up in this manner contains valuable plant food but it should not be purchased in this way. The cost of phosphate and limestone is much greater than when the materials are purchased separately."

IT'S JUST GRAND  
SAYS R. I. WOMAN

Ten Years of Miserable Health Overcome by Taking Tanlac—Gains 21 Pounds.

"I had been in wretched health for ten years, but after taking Tanlac I have gained twenty-one pounds and am now like a different woman," said Mrs. Carl J. Foster, 510 Fourteenth street, Rock Island, Ill.

"My stomach was in such bad condition that most everything I ate disagreed with me, caused gas to form and severe pains in my chest. My appetite left me almost entirely."

"My kidneys were also in bad condition and I had awful pains across my back. My feet and ankles would swell so at times I could hardly get my shoes on. I became so nervous that the least thing would startle me, and I never enjoyed a night's sleep. I was losing strength every day and finally I became so weak I couldn't stay on my feet half the day."

"I felt a great improvement on the third day after I started taking Tanlac. Now I have a splendid appetite and can eat anything I want without any bad after effects. My stomach is in perfect condition and I am no longer bothered with my kidneys and haven't a pain about me. I am no longer nervous and my sleep is sound and restful."

"My strength has increased wonderfully and I have gained twenty-one pounds. I am a perfect picture now, and I cannot understand how anything could possibly do so much for one as bad off as I was. Tanlac is just grand."

Tanlac is sold in Jacksonville by Coover Drug Co., and J. F. and Wyle Drug Co., Frankfort, Ky.—Adv.

MISS DIMMITT WILL  
BE LICENSED TO PREACH

The Sioux City Journal in a recent issue gives a picture portrait of Miss Lillian E. Dimmitt of this city, and comment on the fact that she has been recommended by the Methodist body there for a license to preach. Miss Dimmitt's recommendation will be the first given to a woman in the Sioux City district. Altho this city is Miss Dimmitt's home, for years past she has spent only a part of the vacation months here, as her duties at Morningside college, have kept her in Sioux City for a greater part of each year. The newspaper paragraphs referred to are as follows:

"Prof. Lillian E. Dimmitt, dean of women in Morningside college, was recommended for a

license to preach at the meeting Wednesday night of the quarterly conference of the Grace Methodist Episcopal church. The recommendation will be acted on at the Sioux City district conference, which is in session at Sergeant Bluffs. There is little doubt but that it will be approved and the license issued to Miss Dimmitt, according to Dr. J. B. Trimble, district superintendent.

Miss Dimmitt is the first woman in the Sioux City district, to be recommended for a license to preach. She is one of the first women in the entire Northwest Iowa Methodist general conference to be thus honored. The Methodist general conference in session last May in Des Moines legalized the licensing of women to preach for the first time in the history of the Methodist church.

A few women had been granted such licenses in the early history of the church, but this action later was nullified, and although later attempts were made to legalize it women were not admitted formally into this branch of church work until last May.

## BACK FROM THE WEST

O. F. Buft, cashier of the Ayers National bank, has recently returned from a visit to Colorado, Wyoming and various points in the west. He reports the men engaged in the cattle and sheep business as much discouraged over the low prices and poor prospects and says many will lose heavily. During the flush times a great many went in debt and others did many extravagant things in the way of

luxuries and now comes the day of settlement.

All sugar beet regions are exceptionally prosperous. In Denver fifteen million dollars was paid for stock to be delivered by October 15 and as much more is expected to be paid for beets delivered by Nov. 15. The same word comes from Nebraska where they raise the sugar producing vegetables. It was said that experts have been paying special attention to the crop and as a result the yield of sugar per ton of beets has been immensely increased.

Mr. and Mrs. C. R. Reese of Denver were visiting the city yesterday. They are spending some time with Roodhouse friends and came up to take a view of Jacksonville and were much pleased.

## A Little Talk on Good Buying

Good buying is a matter of thought—After it is determined what is needed, it is well to examine your market for values. The overhead charge of a number of shops enters into prices to the consumer. There is no reason why the careful buyer should pay this overhead if care is used in selecting the place to buy. In our shop shop overhead is reduced to a minimum. You can buy at The Peoples Store practically anything you need in the household furniture line. You can make a purchase without being taxed a fancy price because of high store rental and expensive selling methods. Drop into the Peoples when you are over our way and see what a real furniture shop looks like to you. Our values will open your eyes. Our quality will be a revelation to you.

Our Aluminum Ware Special will

## The "Reason Why" We're Here

This store was instituted absolutely for your benefit. A side street was chosen because of lower rent, and for the same reason you will find nothing about our store that costs big money to keep up. The reason of it all is that we may be able to sell you Quality Housefurnishings for less money. Yes, you'll find the best qualities here, but not the high prices. If you've never called on us, do so the next time you are in the vicinity. Don't wait necessarily until you actually are in need of an article for the home. Call in and prove to yourself that what we say is true and that you'll like to trade with us when the occasion arrives.

## New Furniture

## Used Furniture

In Housefurnishings we carry a complete line—We will equip you from kitchen to bedrooms to your entire satisfaction as to style, quality and price, at cash or easy terms. We want also to call your attention to our big stock of oddpieces, especially suitable as gifts or to fill up the bare corners—tables, easy chairs, rockers, floor lamps, kitchen cabinets, rugs, etc.

Also call your attention to our "used Furniture" department, where, if desired, you can find really good articles of all kinds at very low prices.

If you have used household articles that you would like to trade in on new, see or phone us and we will call to see them and make you fair allowances. Remember, this is The Peoples Store.

## PRICES AND PRODUCTION.

By B. E. POWELL.

The workers of Europe are  
grain hungry. The producers of  
America are money needy with  
grains heaped up and prices be-  
low cost. If Europe could buy  
650,000,000 bushels of wheat at  
a fair price she undoubtedly  
would be glad to do it. If, how-  
ever, the wheat cannot be obtain-  
ed for what Europe can afford to  
pay, she will undoubtedly fill  
her stomach with something less  
grateful to it but less expensive  
and hold her imports down  
around 500,000,000 bushels as  
she did last year. As a conse-  
quence America may have a  
large holdover to crush down the  
price of the 1921 wheat crop.

It would be wisdom to make  
this purchase possible on the  
part of Europe. It undoubtedly  
would mean small, or at most  
only fair profit for the American  
producer but that is ahead of  
no profit at all. We must own  
that we are rather at sea about  
prices generally, but it seems the  
part of common sense to move  
the crop from where it is a bur-  
den to where it is needed. We  
must own also that so far as any  
one has noticed neither the ad-  
ministration nor the opposition  
has concerned itself with the  
problem of moving the surplus  
of American agriculture to the  
points of need. Thoroughly trained  
experts who can give producers  
as well as other men, even mid-  
dlemen, an understanding of  
the forces which make prices,  
have not been set to work out the  
problem. This is where the  
farmers fail. When prices are  
high they take them and smile  
their thanks; when they go down  
below production cost they may  
get together and pass resolutions  
and issue statements—and then  
go to the bank to be denied the  
credit to hold their crops. It  
must be confessed that there is  
a vast indifference to the wel-  
fare of American agriculture on  
the part of those who control the  
machinery of credit. J. N. Dar-  
ling, cartoonist, hit off the sit-  
uation in pertinent style in a re-  
cent issue of the Des Moines  
Register. A group of Wheat  
Pit Gamblers approach the  
bankers for the loan of a few  
million as they wish to corner the  
wheat market. "Sure" came the  
obliging reply. Then a group of  
farmers approach asking to bor-  
row a little money in order to  
hold their wheat long enough to  
get the costs out of it. "We  
can't loan money for specula-  
tion" comes the stern reply.

E. G. Montgomery of the United  
States Bureau of Markets  
early in October published the  
results of his study of the wheat  
situation. He found that, based  
on a normal pre-war consump-  
tion, a world shortage of a little  
over 100,000,000 bushels exist-  
ed. Yet on the basis of the small  
consumption of wheat last year  
over in Europe, there is a sur-  
plus of about 150,000,000  
bushels. If the farmers of the  
United States, Canada, and the  
Argentina thru determined ef-  
forts in holding send the price up  
beyond what Europe can pay,  
there is a chance that Europe,  
again during the coming year,  
will control consumption as she  
did in 1919 and leave a surplus  
of 100,000,000 bushels of wheat  
or so in the United States, Can-  
ada, or the Argentina.

Mr. Montgomery expressed the  
opinion that \$2.30 per bushel at  
Chicago would be a fair price for  
wheat during January and Feb-  
ruary and at that price the wheat  
in America probably would be  
cleaned up, thus leaving a fair  
held and no drag on the price of  
the 1921 crop. The farmers,  
however, would have to earnestly  
set about an organized holding  
movement which would have to  
be widespread and directed with  
fair intelligence.

It is strange that when men  
have learned that history has a  
little habit of repeating itself  
that certain classes of non-pro-  
ducers, fanatically sure of a pros-  
perity that will last their time,  
counsel deflation of agricultural  
prices. Agricultural distress al-  
ways has been the precursor of  
industrial depression. Falling  
away of agricultural purchasing  
power is the ruin of the domestic  
market upon which vastly the  
greater part of our industry de-

pends. Pushing the price of ag-  
ricultural products below the cost  
of production is flirting with the  
horses in the most reckless  
fashion.

**Care of Farm Horses in Winter**  
Many a horse in the cornbelt is  
fed so economically thru the  
winter he has no work in him  
when put in the collar in the  
spring. It is a mistake to assume  
that the stalk fields will furnish  
adequate feed and shelter for an  
idle horse. In some years stalk  
fields furnish a considerable  
amount of fairly satisfactory  
feed but it is best to supplement  
this with something more nutri-  
tious.

J. L. Edmonds, Assistant Pro-  
fessor of Horse Husbandry in  
the University of Illinois has this  
to say of the horse's winter feed:  
"To keep the work horse in  
good, healthy condition it is  
advisable when possible to give  
one feed a day of legume hay,  
such as clover, coarse alfalfa,  
sweet clover, or soybean or pea  
hay where these are grown. It  
is good practice to give this  
feed in the evening allowing free  
access to the straw or other  
roughage during the day. If no  
such legume hay is required, at  
least a small amount of grain  
must be fed if the carbonaceous  
roughages—that is such coarse  
roughage as oat straw, corn  
stover, sorghum hay etc.—are to  
be used to good advantage and  
the animals, kept in good healthy  
conditions. Early corn and oats  
are the standard grains for ma-  
ture horses, oats being preferable  
especially for horses being car-

ried largely on the rough car-  
bonaceous feeds mentioned.

"One or two bran mash or  
week for the horse that is being  
wintered largely on coarse car-  
bonaceous feed is good, cheap  
health insurance. For winter  
feeding the mash may be made  
by mixing three to four pounds  
of dry bran with hot water and  
allowing it to cool to feeding tem-  
perature in a covered pail. Bran  
mashes help to prevent much  
sickness and death due to im-  
paction of the digestive organs,  
"straw colic" and similar trou-  
bles. A handful or two of oil  
meal a day may take the place of  
the bran mashes and will help to  
keep the bowels properly regu-  
lated. Bran mash or oil meal  
fed as recommended is one of  
the best remedies that can be  
used by those in search of a good  
conditioner for their horses; and  
it is much cheaper than the con-  
dition powder and medicated  
stock foods often used to im-  
prove the general thrift of the  
horse being wintered on rough  
feed.

"Avoid damaged corn. Special  
attention should be given to  
avoiding corn that is moldy or  
otherwise damaged since horses  
are especially susceptible to  
sickness and poisoning from these  
sources, many dying each year  
from this source of poisoning. If  
damaged corn must be fed, the  
danger is lessened if it can be  
fed mixed with oats or oats and  
bran.

"Exercise is necessary to good  
health. Probably the best place  
to provide this is a blue-grass  
pasture which has been allowed

to grow up somewhat during  
summer and fall where not only  
exercise may be had, but con-  
siderable good picking as well.  
Small lots and straw yards, un-  
less used in connection with a  
larger area, are not satisfactory  
because horses do not move  
about enough. In some instances,  
stacks, yards and protected wood  
lots furnish sufficient shelter.  
Under most conditions, however,  
it is more satisfactory to get up  
the horses in the evening and  
give them some feed and a dry  
bed in the barn.

## ODD FELLOWS TO TO HEAR REPORTS

Representatives to Give Details  
of Grand Lodge.

The Grand lodge of the Inde-  
pendent Order of Odd Fellows  
for the State of Illinois closed its  
annual session Thursday noon of  
this week.

Morgan county was well rep-  
resented, there being one rep-  
resentative from each of the twelve  
lodges in the county present dur-  
ing the sessions. In addition to  
the accredited representative  
from each lodge, a number of  
Past Grands were present and en-  
titled to a seat in the state body.

Judge William E. Thomson,  
representative from Urania  
lodge No. 243 will give his report  
to his lodge at the meeting on  
Monday evening, and J. Marshall  
Miller, representative from Illini  
lodge No. 4 will likewise report  
to his lodge on Tuesday evening.  
These reports are expected to be

of considerable interest to all  
Odd Fellows.

The session of the Grand  
Lodge just closed, was one filled  
and noted for the large attend-  
ance of representatives. There  
are nine hundred and forty-  
eight subordinates lodges in the  
state, and nearly every one was  
represented.

## PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

IN the lines of the Paige seven-passenger Sedan there is a touch of formality that is suggestive of refinement in the highest sense of the term. From the standpoint of elegance in coach-building, this exquisitely designed Enclosed Car stands unsurpassed by the finest creations to be found in either America or Europe.

But, quite aside from its outward impressiveness, the Paige Sedan is a car of practical utility. With large side-windows that can be opened or closed as weather conditions demand, it is a vehicle of year-round serviceability, affording the fullest measure of comfort as yet attained in an automobile.

Built on the finely balanced Six-66 chassis and having a power plant capable of seventy-five miles per hour, the Paige seven-passenger Sedan is a model of which any car owner may justly be proud.

You will also be captivated, we believe, with the very smart five-passenger Brougham—another artistic triumph of the Paige designing staff.

### OLD PEOPLE'S HOME REMEMBERED BY MANY

Thursday and Friday Annual Donation Days, and Gifts Still Coming.

The annual donation for the Old People's Home of this city was held Thursday and Friday. Generous donations of all sorts have been coming to the home since Thursday morning, and it is thought that there are more yet to come. Many visitors from out-of-town have taken occasion to visit the home and leave offerings. Some have come from the southern part of the state and many from the towns surrounding Jacksonville.

The value of the donations cannot be definitely estimated, but will no doubt reach a considerable sum. Following is a partial list of articles received: Six chickens, seventy quarts of fruit, a large amount of jellies and preserves, three bushels of potatoes, two of turnips, various kinds of groceries, such as beans, raisins, sugar, rolled oats, etc. Milk was also on the list of gifts. Little clothing has been received, but gifts in this line are acceptable any time.

The management is deeply appreciative of the generosity shown by the friends of the home during this donation period. The ready response and the number of gifts received shows that the people appreciate the meaning and value of the home in the community, and are in sympathy with its efforts to aid those among the aged who need a comfortable place to spend their declining years.

### COLLEGE OF MUSIC NOTES

The Recital given by Mrs. Forrest, accompanied by Miss Mehus, on Monday evening in Music Hall, proved a delight to Jacksonville music lovers, who had the opportunity of hearing Mrs. Forrest for the first time in recital.

The Children's Department enjoyed the second practice recital on Saturday of this week. Both piano and violin numbers were heard. This work is growing constantly in interest and numbers. Miss Mehus is in charge of the department.

Miss Moore gave a group of solos at the thirty-fifth anniversary of the Household Science Club at the residence of Mrs. Frank Elliott on Thursday afternoon.

The date of Miss Moore's annual violin recital is set for Monday, Nov. 29. Miss Mehus will accompany Miss Moore.

Augusta Cottlow, who is soon to appear in piano recital at the College of Music has been for some time in the foremost ranks of pianists. Her reputation is international. As an interpreter of MacDowell she may be said to be as great an authority as there is. She has in her possession the manuscript of the "Norse So-

nata", one of the few complete manuscripts this great composer made himself, most of his works being merely jotted down in his notebook and later revised. Miss Cottlow has had the privilege of introducing to the musical public many of MacDowell's greater works.

The first Informal Students' Recital was held Thursday afternoon in Music Hall. The program follows:

1. Voice—Fairy Love Song.....Willeby  
Helen Carpenter
2. Piano—Study in D Minor.....Heller  
Margaret Curtis
3. Voice—The Dawn.....Ashford  
Mary Ballow
4. Violin—Told at Twilight.....Hueter  
Perpetual Motion.....Bohm  
Elsie Carls
5. Voice—Phyllis is My Only Joy  
(Grace Collier at the piano)
6. Piano—Butterfly.....Grieg  
Suzanne Rinehart
7. Voice—The Bitterness of Love  
(Grace Collier at the piano)
8. Violin—Souvenir.....Dunn  
Gladys Chase
9. Voice—Recitative and Aria, Vieni non Tardar (Marriage of

Figaro).....Modart  
Hilma Sample  
10. Organ—Serenata.....Rogers  
Allegro.....Rogers  
Grace Styles

### LOCAL BAND WILL GIVE A SERIES OF SUNDAY CONCERTS

Musical Entertainments Decided Upon at Meeting of Band Men and Citizens.

A series of popular concerts, to be given at the opera house, are being planned by the new Jacksonville band. This was decided upon at a meeting of the band Friday evening in consultation with a committee of citizens.

These concerts will consist not only of music by the band, but also of vocal and instrumental numbers by individual musicians. These concerts are being given for the purpose of obtaining funds, with which to put the band on a permanent basis.

It is believed that this organization deserves the support of the citizens. It has been rehearsing diligently of late and will have some good music with which to delight the audience which will greet it on its first concert appearance.

This first concert is announced for Sunday afternoon, Nov. 28, at the Grand opera house. The program has not yet been given out.

### SECURE ALL WORKERS FOR COUNTY SURVEY

The Red Cross survey in Morgan county is showing signs of progress. Many facts of vital importance are being brought to light as the workers go about making their investigations along various lines. The health committee has met for the purpose of classifying the facts which have come out through the survey, and when these are published many people will no doubt be surprised at the conditions revealed.

The survey officials have completed the organization of the county by the selections of committees in Lynnville, Litchberry and Concord, which are as follows: Lynnville—Fred Schofield, chairman; Mrs. L. R. Cronkheit. Litchberry—Miss Georgia Litch, chairman; Mrs. W. Earl Rexroat, Mrs. Raugh Jennings, Mrs. John P. Guy, Mrs. James Petefish, branch chairman, and Miss Lora Petefish. In Concord Alfred Brockhouse was appointed chairman and will select the full committee.

### Free records means free records

Free records means free records  
Free records means free records  
Free records means free records

When we say \$25 worth of Free Records we mean: \$25 worth of Free Records. Just that and all of it.

Some folks thought the offer was too good to be true: thought there must be a joker and a piece of string to it.

The best way for you to satisfy yourself is to put it to the practical test.

Come in and buy a Pathe Phonograph; any sort you like; any model except the two small ones (No's 3 and 6). Pay the usual small delivery deposit, and the phonograph goes straight up to your own home at once.

The records go with it. And you can pick out the records for yourself. This is no dodge to work off old stuff.

Choose your records from the latest list of new dance music and popular hits, if you like. Or, if you prefer it, pick out Grand Opera Records, or any standard selections, or mix them and pick out a few of each.

**Those Records Won't Cost You a Penny**

We started this offer to celebrate the Pathe, Paris, 25 year Jubilee.

It has already produced so many satisfied and delighted customers that we are continuing it for a few days longer.

**Buy Now While the Buying is Good**

It's an unprecedented opportunity to get the finest phonograph in the world—that's just what the Pathe is and you know it—on such terms as were never offered before.

We can make terms and price to meet any competition.

### Shampoo

**Remmo Sterilized Toilet Soap** is perfectly suited to shampooing. It is absolutely pure soap—then sterilized at 138° Fahrenheit to keep it pure. Its foamy, creamy lather cleanses thoroughly. It can't possibly injure the hair—or harm scalp. Just the opposite—it is truly beneficial. Removes all dirt, dust and scalp accumulations—then washes out—leaving no trace of soap. The scalp is invigorated. The hair is left soft, fluffy, lustrous, and hair growth stimulated.

You must use Toilet Soap. Why not use the most beneficial. It costs no more.

### GULBRANSEN Player-Piano

(Pronounced Gul-BRAN-sen)

**Dance at Home Any Time—the Gulbransen Never Tires**

WHEN friends drop in, put on a lively fox-trot, kick the rugs aside, push the furniture against the wall—start a good time with your Gulbransen. It's fun to watch the party brighten up. The Gulbransen never fails to break the ice, cheers up the stupid, gives the live ones a real time.

You can get all the latest music in player-rolls. Brilliant jazz and rag tunes that just make the piano talk, dreamy waltzes. The Gulbransen makes ideal music for home dancing, wonderful tone and smooth rhythm.

**Easy to Play**

You'll find everybody wants a turn at the Gulbransen. It's so easy to play, pedals without effort, responds so delightfully. You can be breathless from dancing—all tired out—yet find it rests you to play this remarkable instrument. You have never tried a player-piano that required so little effort.

The Gulbransen dealers named below offer you the opportunity to try a Gulbransen—to test its easy-playing and exquisite "pedal-touch." Be sure to play it yourself. It's more fun than listening.

The Gulbransen is so wonderfully responsive it soon becomes a part of you. And with the new Martin Method instruction rolls you can learn to play like a finished pianist.

**Nationally Priced**

Gulbransen Player-Pianos, three models, all playable by hand or by roll, are sold at the same prices to everybody, everywhere in the United States, freight and war tax paid. Price, branded in the back of each instrument at the factory, now includes six instruction rolls (Martin Method) and our authoritative book on home entertaining and music study with the Gulbransen.

### Stewart Company Makes on 18% Cut in Truck Prices

Head of Buffalo Concern Says All Should Join in War on High Costs

"This 18 per cent reduction in Stewart prices means a large temporary loss to the factory while using up material on hand," said Mr. Lippard in making the announcement. "but I believe that all business men should arbitrarily reduce their prices and help put the business of the country on a sound basis quickly, thus insuring continued prosperity and full employment of labor."

The old and new prices of Stewart trucks, as announced, are as follows:

Model	Old Price	New Price
2 1/2 Ton	3,200	2,575
2 Ton	3,075	2,495
3 1/2 Ton	\$4,100	\$3,395
Price reductions averaging about 18 per cent., have been announced by T. R. Lippard, president of the Stewart Motor Corporation of Buffalo, manufacturers of automobile trucks.		
1 1/2 Ton	2,450	1,995
1 Ton	1,850	1,650
3/4 Ton	1,450	1,295

### A Glimpse of the Present Day Activities of the Social Service League

When the Social Service league was formed to continue and broaden the work formerly done by the Associated Charities, it mapped out a large field of service. The very name is significant of the fact that the fundamental idea back of the organization is that of service to the community. The plan is to bring into harmonious co-operative efforts all charitable and constructive programs of city and county authorities, benevolent societies, churches and individuals, in such a way as to guarantee the needed service and at the same time prevent overlapping of relief caused by unorganized individual procedure.

That this broad aim of service is ever growing in its effectiveness is shown by the support which the league is receiving both officially from civic organizations which it represents, and individually from members of the community who recognize the necessity of a centralized expert service in all constructive work along relief and rehabilitation lines.

The scope of service rendered by the league may be somewhat appreciated by a knowledge of the fact that it officially performs the duties required by the attendance officer of public schools, city matron and county probation officer. The problems arising are largely of the social type needing careful analysis and the right kind of help at the appropriate moment. Many times the problems are of such a character as to involve action from more than one angle. By this co-operative feature there is no overlapping and the exact facts, needs, and following-up work are taken care of with a minimum amount of effort and expense.

A large case committee, to which each organization, city, county, religious, fraternal, etc., is requested to send a representative, meets to consider cases needing investigation or help. The wide representation guarantees a full investigation, discussion, and a final solution either by the direct action of the league, or by such service as relates the case to some definite church, fraternal organization or other institution.

When information that some help is needed is received at the office of the league, temporary service is given to meet the immediate need and later a careful investigation determines how the matter shall ultimately be cared for. The case committee represents the most modern, democratic and representative method of dealing with local social problems. When to this is joined the advice of a trained social worker acting in the capacity of superintendent of the league, an ideal combination is formed which guarantees both expert service and local forethought.

**Benevolent Spirit.**  
While the work of the league is constructive in its aims and methods, it is representative of the best benevolent spirit of the city. While overlapping of aid and service is eliminated, it is the aim always to work from the broad principles of humanitarianism. At certain seasons of the year the benevolent spirit even exceeds that of ordinary relief and charity and through the distribution of baskets of food and clothing aims to bring cheer and good will to many homes where the problem of mere existence often excludes the happy attitude coming from a proper observance of such national holidays as Thanksgiving and Christmas. To these movements the public has always lent a most generous support. Working lists are checked with various organizations so that overlapping is eliminated and a definite service guaranteed.

**How Financed.**  
The salaries of the trained worker and assistants are practically guaranteed by the official services performed for the board of education, county court and city matron's office. Annual memberships are taken by individuals and groups make contribution of certain sums of money to be used for relief, charity and other reconstruction work. The success of the league is an immediate reflection of the spirit of the community. The appreciation of the fact that expert, centered activities are far superior to scattered, overlapping, individual efforts has led to the formation of a membership representative of almost every type of individual, public and social organization of the city. The small membership fee is a mere pittance as compared to the knowledge that one may be free to refer all cases to the league and know that the proper attention and service will be given.

**Expert Service.**  
The culminating feature of the work of the league lies in the fact that the full time service of a trained worker is always available. Such a worker knows how to interpret social problems, what temporary relief needs to be given, what constructive measures are worth while, how to relate actual needs to local possibilities and conditions, how to provide service without overlapping, and last but not least, how to provide for co-operation among various charitable institutions in such a manner as to provide for the very best service. That the work of such a person is necessarily large in a community of this size would be apparent to the most casual thinker on social problems.

In order to meet the needs the office is open at all times between the hours of 9 and 5 each day and an assistant is in charge when the superintendent is out in the field investigating. Reports may be made through individual calls at the office or by telephone. Something of the magnitude of the work which the league does may be had from the following summary, Sept. 1, 1919 to May 21, 1920:

318. Telephone calls, 722.  
319. Visits made to home and school.  
341. Juvenile court cases handled, 38.  
City matron cases, 31.  
Homes found for children, 3.  
Relief furnished in terms of food, clothing, fuel, work or transportation, 1,100.  
Finance Campaign Now.  
The Social Service league's finance campaign is of a very quiet order. It aims to bring to the attention of the citizens of the community something of the work that is being done and asks them to give it a whole hearted support by contributing to the extent of a two dollar membership or more as they may see fit. A number of people who do a large amount of charity work are glad to make a large contribution in order that they may feel they are doing their full duty and yet are neither bothered by its administration or annoyed by the fear that they are giving the kind of assistance that is of no permanent value.

**The Future of the League.**  
This organization was created by and is supported through the efforts of the citizens of this community. Just how good a service can be rendered and how extensive it may be is exactly proportionate to the interest which the community may manifest through its support.

H. Ambrose Perrin,  
President of the League.
